THE UNIVERSITY OF TEXAS RIO GRANDE VALLEY
DEPARTMENT OF CHEMISTRY

CHEM 2323 / Organic Chemistry I / Course Syllabus
*Course Syllabus may be subject to change

Instructor: Eugene F Douglass, MS, PhD Organic Fiber/Polymer Science
E-mail address: eugene.douglass@utrgv.edu

Office: SETB 2.358 Office Hours: M-F 815am – 915am, more by appt.

Course Description: This course provides the basic principles to understand the structure, bonding, stereochemistry, and reactivity of organic compounds, along with the IUPAC nomenclature. There is an emphasis on substitution, elimination, and reaction mechanisms.

Prerequisites: Refer to ASSIST for all prerequisites.

Alternate (if you already have it) Klein 3rd edition (but order of material is slightly different and some foundational materials are different focus) Solomons is easier to read, and understand.

Required Access: WileyPlus

Required Supplies: Scientific Calculator, Scantron sheets

Summer 2019 ACADEMIC CALENDAR
Jun. 3 (Mon.) Summer I classes begin
Last day to withdraw (drop all classes) and receive an 80% refund
Jun. 4 (Tues.) Last day to add a class or register for Summer I classes
Last day to withdraw (drop all Summer I classes) and receive a 50% refund
Jun. 6 (Thurs.) Census Day (last day to drop without it appearing on the transcript)
Jun. 27 (Thurs.) Last day to drop (DR grade) a class or withdraw (grade of W)
July 4 (Thurs.) Independence Day. No classes.
July 8 (Mon.) Study Day. No classes.
July 9 (Tues.) Final Exams; Official last day of the Summer I term

BLACKBOARD, WileyPLUS, & EMAIL
All of the Power Point Lectures Presentations will be posted under WileyPLUS and will be available for students to access. Make sure to periodically check your Blackboard and UTRGV e-mail accounts for announcements and posting from the instructor. Email communication with the instructor will only occur via your UTRGV email address.

EXAMS
There will be 3 MAJOR EXAMS given during the semester plus a comprehensive final. No exams will be dropped. ABSOLUTELY NO CELL PHONES OR OTHER ELECTRONICS will be permitted during
the exams! If caught with a device that is prohibited, the exam will be taken away and a zero “0” will be given as the official grade for the exam. Exam grades will be posted on Blackboard as soon as they become available. Please make sure that the score on Blackboard corresponds to the score on your paper. If this is not the case, talk to the instructor so that any discrepancy can be resolved.

MAKE-UP EXAM POLICY
Make up exams, including exams to be taken early, will only be given due to a major medical illness requiring immediate treatment, there is a death of an immediate family member, you must participate in a required university activity, you are observing a religious holy day, or you are currently serving in the military. Documentation is required for all of these cases. In the cases of your illness or a family member’s death, documentation is required when you return to campus. In the case of a required university activity, a religious holy day, or military service, documentation is required at least two days prior to the activity. In case a make-up exam is given, it will be at the discretion of the instructor and at a time convenient to my schedule. Please note, however, that a makeup exam might be different than the regularly scheduled exam.

FINAL EXAM
A comprehensive final exam will be given at the end of the semester.

ASSIGNMENTS
Online homework assignments will be given periodically during the semester. The assignments will be posted online under the WileyPLUS software. Do as many as you can.

QUESTIONS ON GRADED EXAMS
If a student believes that a question on an exam has been miss graded, the student should bring it up to the instructor’s attention during office hours (NOT DURING CLASS TIME) without delay. The student MUST support his/her claim by working out the problem in advance and present a written solution to it. If the question entails theory, then the student must provide the textbook page or place in the class notes where his or her claim is supported. Please make sure to take care of any problems before the next exam or assignment. I will NOT discuss any grading concerns after this period.

Double check your marked answers on your Scantron Sheets before submission. No credit will be given for mismarked answers! NO EXCEPTIONS!

HOMEWORK
Significant homework is required for this class. The standard assignment is all of the practice problems within the chapter, and all the odd numbered questions at the end of each chapter. If you wish to do the even numbered problems, it will help you, the answers for those problems are worked out in the solutions manual. If you wish to check your work, you may check with one another and during the beginning of class when I will go over the previous homework assignments. You are responsible for doing the required homework for each night, and on time. The section reviews are vital for practice. It is in your interest to do as many of the problems available to you to practice. It is in your best interest to take advantage of the office hours available to you. I will be glad to assist in your homework, just ask. Otherwise you may get further and further behind, and the deficiency will show up on your tests. It is in your interest to stay current.
**LECTURE FORMAT:** The conventional lecture format will be the primary teaching method employed in this course, so it is your responsibility to write down all the notes I put on the board, and then in your own words explain them to yourselves, summarizing my discussion of each concept. Because of the importance of quantitative data manipulation in chemistry, scientific calculators must be purchased for participation in problem-solving sessions. I lecture in an open format, questions are welcome at any time, just raise your hand and wait until recognized, and I will attempt to answer any and all you may have. To me, the only possible "stupid question" is an unasked one.

**STUDENTS' CODE OF CONDUCT**
Students are expected to carry themselves and to behave as adults and to show respect for fellow students, the professor and the university setting. A high degree of decorum is expected from the students while in this class. No classroom misconduct such as talking in class, using cell phones or any other way that disturbs the lecture delivery will be tolerated. Student(s) behaving in such matter will be asked to leave the class room. If the problem persists, the student(s) will be permanently barred from class.

**GRADING POLICY**

**STUDENTS WITH DISABILITIES**
Students with a documented disability (physical, psychological, learning, or other disability which affects academic performance) who would like to receive academic accommodations should contact Student Accessibility Services (SAS) as soon as possible to schedule an appointment to initiate services. Accommodations can be arranged through SAS at any time, but are not retroactive. Students who suffer a broken bone, severe injury or undergo surgery during the semester are eligible for temporary services. Brownsville Campus: Student Accessibility Services is located in Cortez Hall Room 129 and can be contacted by phone at (956) 882-7374 (Voice) or via email at ability@utrgv.edu. Edinburg Campus: Student Accessibility Services is located in 108 University Center and can be contacted by phone at (956) 665-7005 (Voice), (956) 665-3840 (Fax), or via email at ability@utrgv.edu.
MANDATORY COURSE EVALUATION PERIOD
Students are required to complete an ONLINE evaluation of this course, accessed through your UTRGV account (http://my.utrgv.edu); you will be contacted through email with further instructions. Students who complete their evaluations will have priority access to their grades. Online evaluations will be available:

TBA

ATTENDANCE
Students are expected to attend all scheduled classes and may be dropped from the course for excessive absences. UTRGV’s attendance policy excuses students from attending class if they are participating in officially sponsored university activities, such as athletics; for observance of religious holy days; or for military service. Students should contact the instructor in advance of the excused absence and arrange to make up missed work or examinations.

SCHOLASTIC INTEGRITY
As members of a community dedicated to Honesty, Integrity and Respect, students are reminded that those who engage in scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and expulsion from the University. Scholastic dishonesty includes but is not limited to: cheating, plagiarism (including self-plagiarism), and collusion; submission for credit of any work or materials that are attributable in whole or in part to another person; taking an examination for another person; any act designed to give unfair advantage to a student; or the attempt to commit such acts. Since scholastic dishonesty harms the individual, all students and the integrity of the University, policies on scholastic dishonesty will be strictly enforced (Board of Regents Rules and Regulations and UTRGV Academic Integrity Guidelines). All scholastic dishonesty incidents will be reported to the Dean of Students.

SEXUAL HARASSMENT, DISCRIMINATION, and VIOLENCE
In accordance with UT System regulations, your instructor is a “Responsible Employee” for reporting purposes under Title IX regulations and so must report any instance, occurring during a student’s time in college, of sexual assault, stalking, dating violence, domestic violence, or sexual harassment about which she/he becomes aware during this course through writing, discussion, or personal disclosure. More information can be found at www.utrgv.edu/equity, including confidential resources available on campus. The faculty and staff of UTRGV actively strive to provide a learning, working, and living environment that promotes personal integrity, civility, and mutual respect that is free from sexual misconduct and discrimination.

COURSE DROPS
According to UTRGV policy, students may drop any class without penalty earning a grade of DR until the official drop date. Following that date, students must be assigned a letter grade and can no longer drop the class. Students considering dropping the class should be aware of the “3-peat rule” and the “6-drop” rule so they can recognize how dropped classes may affect their academic success. The 6-drop rule refers to Texas law that dictates that undergraduate students may not drop more than six courses during their undergraduate career. Courses dropped at other Texas public higher education institutions will count toward the six-course drop limit. The 3-peat rule refers to additional fees charged to students who take the same class for the third time.
