

## CHEM 2323-02 COURSE SYLLABUS

CHEM 2323-02 Organic Chemistry I  
Summer 2017

Dr. Jose J. Gutierrez  
(956) 665-2151; jose.gutierrez1@utrgv.edu

SCIE 2.104; M,T,W,R,F 9:40 – 11:10 a.m.

Office hours (SCIE 3.340): M, T, W, R 8:30 a.m. – 9:30 am

### Textbook and/or Resource Material

- Organic Chemistry by Paula Yurkanis Bruice, 5<sup>th</sup> Edition.
- Organic Chemistry as a Second Language by David R. Klein is strongly recommended.
- Molecular models are extremely useful in this class, especially for the topics of stereochemistry and conformations of cyclohexane.

### Course Description and Prerequisites

- An introduction to the fundamentals of organic chemistry.
- Study of covalent bonding, molecular structure, acid base theory, conformational analysis, and stereochemistry. Relations between structure and reactivity: functional groups and their interconversions.
- Mechanistic studies with emphasis on reactive intermediates.

### Student Learning Outcomes for the Course

- To understand basic concepts in organic chemistry
- To have deeper understanding of mechanistic aspects of organic chemistry
- To learn the different functional groups and their reactivity
- To gain deeper understanding of acid-base chemistry
- To learn basic concepts of stereochemistry
- To correlate organic chemistry to day-to-day life
- To learn the art and logic of organic synthesis

### Learning Objectives for Core Curriculum Requirements

This course is not part of the UTRGV core curriculum requirements.

### Calendar of Activities

- A detailed calendar is posted on Blackboard
- Important dates can be found at <http://www.utrgv.edu/files/documents/admissions/utrgv-academic-calendar-2015-2017.pdf>
- 

### Grading Policies and Exam Dates

90% – 100% = A; 75% – 89% = B; 65% – 74% = C; 50% – 64% = D; < 50 % = F

<b>06/14</b>	<b>Exam 1</b>	Electronic Structure and Bonding Functional Groups and Nomenclature Acids and Bases
<b>06/26</b>	<b>Exam 2</b>	Conformational Analysis Cycloalkanes Stereochemistry
<b>07/07</b>	<b>Exam 3</b>	Substitution reactions of Alkyl Halides Elimination reactions of Alkyl Halides Alkenes and their reactions
<b>07/11</b>	<b>Final Exam</b>	Comprehensive

- Only three of the four exams will be used in the calculation of the final grade
- The lowest exam will be dropped
- All remaining exams are worth 1/3 of the final grade
- No make-up exams (**No Exception**)
- No exams will be administered outside the scheduled dates
- Students attending official University events may take an exam prior to the scheduled date if they provide an official letter from the University

### **Other Course Information**

- The use of cell phones is not allowed during class
- The use of laptops/tablets is not allowed during class unless previously approved by a University office
- No recording (video, audio, pictures) is allowed during lectures
- You will need a picture I.D. to take an exam
- You will need a scantron form 882 to take the exams
- Students may view their exams during office hours

### **UTRGV Policy Statements**

#### STUDENTS WITH DISABILITIES:

If you have a documented disability (physical, psychological, learning, or other disability which affects your academic performance) and would like to receive academic accommodations, please inform your instructor and contact Student Accessibility Services to schedule an appointment to initiate services. It is recommended that you schedule an appointment with Student Accessibility Services before classes start. However, accommodations can be provided at any time. **Brownsville Campus:** Student Accessibility Services is located in Cortez Hall Room 129 and can be contacted by phone at (956) 882-7374 (Voice) or via email at [accessibility@utrgv.edu](mailto:accessibility@utrgv.edu). **Edinburg Campus:** Student Accessibility Services is located in 108 University Center and can be contacted by phone at (956) 665-7005 (Voice), (956) 665-3840 (Fax), or via email at [accessibility@utrgv.edu](mailto:accessibility@utrgv.edu).

#### MANDATORY COURSE EVALUATION PERIOD:

Students are required to complete an ONLINE evaluation of this course, accessed through your UTRGV account (<http://my.utrgv.edu>); you will be contacted through email with further instructions. Students who complete their evaluations will have priority access to their grades.

#### ATTENDANCE:

- Attendance is not mandatory
- Absence from class is not considered an automatic drop

#### SCHOLASTIC INTEGRITY:

As members of a community dedicated to Honesty, Integrity and Respect, students are reminded that those who engage in scholastic dishonesty are subject to disciplinary penalties, including the possibility of failure in the course and expulsion from the University. Scholastic dishonesty includes but is not limited to: cheating, plagiarism, and collusion; submission for credit of any work or materials that are attributable in whole or in part to another person; taking an examination for another person; any act designed to give unfair advantage to a student; or the attempt to commit such acts. Since scholastic dishonesty harms the individual, all students and the integrity of the University, policies on scholastic dishonesty will be strictly enforced (Board of Regents Rules and Regulations and UTRGV Academic Integrity Guidelines). All scholastic dishonesty incidents will be reported to the Dean of Students.

SEXUAL HARASSMENT, DISCRIMINATION, and VIOLENCE:

In accordance with UT System regulations, your instructor is a “responsible employee” for reporting purposes under Title IX regulations and so must report any instance, occurring during a student’s time in college, of sexual assault, stalking, dating violence, domestic violence, or sexual harassment about which she/he becomes aware during this course through writing, discussion, or personal disclosure. More information can be found at [www.utrgv.edu/equity](http://www.utrgv.edu/equity), including confidential resources available on campus. The faculty and staff of UTRGV actively strive to provide a learning, working, and living environment that promotes personal integrity, civility, and mutual respect in an environment free from sexual misconduct and discrimination.

COURSE DROPS:

According to UTRGV policy, students may drop any class without penalty earning a grade of DR until the official drop date. Following that date, students must be assigned a letter grade and can no longer drop the class. Students considering dropping the class should be aware of the “3-peat rule” and the “6-drop” rule so they can recognize how dropped classes may affect their academic success. The 6-drop rule refers to Texas law that dictates that undergraduate students may not drop more than six courses during their undergraduate career. Courses dropped at other Texas public higher education institutions will count toward the six-course drop limit. The 3-peat rule refers to additional fees charged to students who take the same class for the third time.

- *The exam dates and are subject to change*
- *Any changes will be announced in class at least one week in advance*
